Business Leadership
FOR THE 21ST CENTURY

At Moriah College, we provide a wealth of opportunities for our students to become future-ready, innovative young adults, prepared for a world that's changing fast. Our dynamic programs instill in our students the spark of curiosity that ignites a passion for knowledge and allows their achievements to shine.

The Moriah College Scholars in Entrepreneurship is a wonderful initiative that will enable a selected number of Year 11 students to tap into the innovative spirit of Israel, a country barely 70 years old. Scholars will have the opportunity to foster their entrepreneurial drive for discovery within that framework.

GIORA FRIEDE
PRESIDENT
Moriah College

Moriah College

בית ספר הר המוריה

Kelly+Partners Scholars is promoting an entrepreneurial scholarship with the Moriah College Foundation for a study trip to Israel to embrace the nation's ingenuity. This is a ten-year funding commitment to provide the impetus for the development of inspirational leadership and entrepreneurial skills amongst Year 11 students.

The week-long program developed with AICC – The Australia Israel Chamber of Commerce - embodies a spirit of innovation that sparks opportunities to gain rich insights for creative business and social endeavours and helps to foster closer links between Australia and Israel.

A truly outstanding and worthy initiative.

Business Leadership for the 21st Century

There is no question that in the 21st Century, technology is a key presence and driver of opportunity in the business landscape. A centre of global innovation and the home of incredible technology development, Israel continues to outperform the world in technology commercialisation.

In this century, innovation, economic growth, scientific discovery and global culture will be inextricably linked with technology and Israel. For the new generation of global leaders, a deep knowledge of technology and smart ways of relating to Israel will be essential for creating a more peaceful and prosperous future for all.

A WEEK IN ISRAEL

Kelly+Partners Scholars with the Moriah College Foundation, offer Year 11 students in New South Wales, on application and awarded the Scholarship on merit, a week-long study experience in Israel enabling Scholars to look at the world through a different lens. Selected students will have the opportunity to meet and engage with individuals and organisations with innovative 'can do' attitudes as well as enterprises committed to social justice goals.

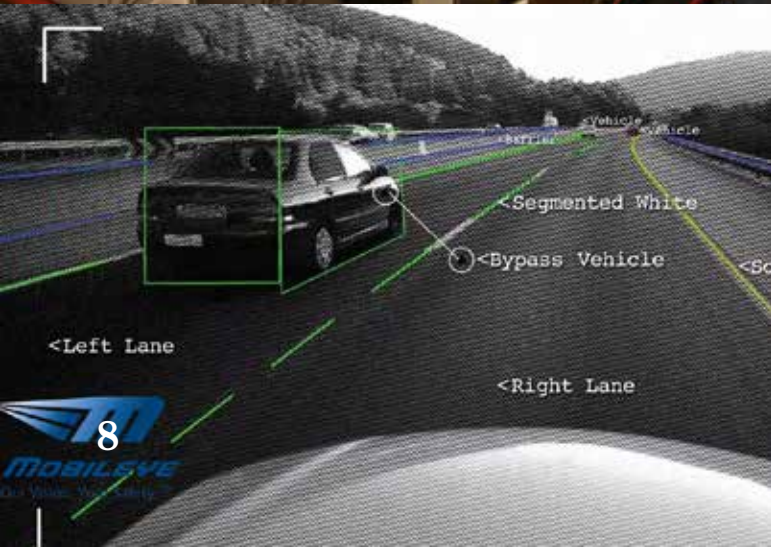

This initiative will accelerate the vision to build future generations of capable, adaptive, fluid and agile leaders who readily embrace the ongoing process of learning, unlearning and relearning.

The Scholarship embodies the spirit of innovation — sparking new opportunities for creative business and social endeavours that will create positive change.

IT ONLY TAKES ONE PERSON TO MAKE A DIFFERENCE

The Moriah College Scholars in Entrepreneurship

ReWalk
Robotics

On these trips selected Year 11 students will see an Israel that few will ever do. They will explore the unique cultural and commercial forces shaping the 'start-up nation', be welcomed by business leaders, and visit places most visitors can never access.

Brett Kelly

MULTI-DIMENSIONAL EXPERIENCE

In an environment that emphasizes interaction and collaboration, Scholars will learn to cultivate broader perspectives, a key characteristic of successful leaders.

Activities will be designed for students to learn from innovative thinkers and to understand and appreciate their different views and strategies for confronting challenges.

Selected students will gain rich insights that will maximize their leadership potential wherever in the world their careers may take them.

OPPORTUNITY

Enriching experiences through international perspectives, we seek to foster progress and entrepreneurship in Australia by actively encouraging the next generation of collaborative, agile, curious and adaptive problem solvers.

So if you want to go beyond the horizon, develop global perspectives and open the door to your future in the commercial world, find out how to become a Moriah Scholar in Entrepreneurship.

ENHANCE THE EXPERIENCE OF ISRAEL, THE START UP NATION: PRESENT AND FUTURE

Beyond the enriching experience of daily life in Israel, in this ancient yet modern land, students will have the unique opportunity to discover the people, thinking, and facilities behind some of the most exciting technology and social enterprise companies on earth.

GAIN IMPRESSIONS THAT WILL LAST A LIFETIME

Immersion in the program will include meaningful interactions with business leaders, entrepreneurs, scientists, creators, and thought leaders. Selected students will develop a deep, multi-dimensional understanding of some of the greatest enterprises in Israel and gain impressions that will last a lifetime.

BE THE REASON SOMEONE SMILES TODAY

The Moriah College Scholars in Entrepreneurship

BEYOND THE CLASSROOM

Selected students who are awarded this opportunity will see leadership in action, business first hand, and innovation in real-time that advances their understanding of their own future opportunities.

Curated for young people who have a passion to make a difference in the world, this is an intensive study experience that provides selected Year 11 students with the opportunity to gain rich insights.

KELLY+PARTNERS SCHOLARS AND THE MORIAH COLLEGE FOUNDATION

Every year, Kelly+Partners Scholars will foster Australia's next generation of business leaders—high-calibre individuals with open minds and genuine potential.

Scholars will be selected on the basis of their academic aptitude, intellectual ability, and leadership potential, entrepreneurial spirit, and desire to understand other cultures and perspectives.

Additional eligibility criteria can be found on eLY in the Year 11 Student and Parent information pages and kellyandpartnersscholars.com.au

APPLICATION PROCESS

Interested candidates will participate in a rigorous and thorough selection process, designed to identify the most promising young leaders.

More details can be found at kellypartnerscholars.com.au and on eLY in the Year 11 Student and Parent information pages.

Those selected will have demonstrated their potential to benefit from and also contribute to the Kelly+Partners Scholars program.

SCHOLARSHIP FUNDING

Students admitted to the program will receive a full scholarship covering tuition, supervision, fees, room, board and travel to and from Israel.

Students will be accompanied by an appropriate number of teachers and other suitable personnel - and have such safety and security processes in place as are deemed prudent and similar to any program that Moriah College would conduct in Israel.
